<p>13:30 – 15:00</p>	<p>SESSION 2: Role of digital economy in facilitating inclusive trade</p> <p><i>Digitalization has fundamentally changed the way commerce is managed, optimized, shared and deployed. Digital flows enable goods, services and investment to move freely across borders and allow many countries (including small firms) to participate in the global market. This session aims to better understand the trends in e-commerce globally and in the region, the role of e-commerce in trade and business, and the impact of e-commerce to countries in terms of benefits and risks.</i></p> <p>Moderator: <i>Abhijit Das</i>, Head, Centre for WTO Studies, Indian Institute of Foreign Trade (IIFT), New Delhi</p> <p>Speakers: <i>Arpita Mukherjee</i>, Professor, Indian Council for Research in International Economic Relations (ICRIER), New Delhi <i>Syed Munir Khasru</i>, Chairman, The Institute for Policy, Advocacy, and Governance (IPAG), Dhaka</p> <p>Open Discussion</p>
<p>15:00– 15:15</p>	<p>Tea/Coffee Break</p>
<p>15:15 – 16:30</p>	<p>SESSION 3: Impact of financial technology on payment and lending in Asia</p> <p><i>New ways of delivering financial services using technologies, a phenomenon referred to as “fintech”, have undoubtedly transformed Asia’s financial system by improving the efficiency of payment system as well as increasing financial access. This session examines the impact of fintech on financial markets, the risks associated with new technologies, and the regulatory response to these developments.</i></p> <p>Moderator: <i>Pranav Kumar</i>, Head, International Trade Policy Division, Confederation of Indian Industry (CII), New Delhi</p> <p>Speakers: <i>Claude Eguienta</i>, Chief Operating Officer, Telcoin, Tokyo <i>Saon Ray</i>, Senior Fellow, ICRIER, New Delhi</p> <p>Open Discussion</p>
<p>16:30 – 18:00</p>	<p>SESSION 4: Country Panel Discussion #1: How to promote the digital economy and what critical issues to address?</p> <p><i>This session will examine the experiences of Asian countries in dealing with the digital economy, including the key challenges and constraints brought about by the digital transformation as well as the key measures being implemented or plan to implement by the governments to tackle the issues in digital economy.</i></p> <p>Moderator: <i>K.S. Seetharam</i>, Senior Capacity Building Specialist, ADBI</p> <p>Speakers: <i>Md Taufiqul Islam</i>, Deputy Secretary Planning Division, Ministry of Planning, Bangladesh <i>Hanafi Firdaus</i>, Section Chief of Planning and System Analysis Application, Ministry of Finance, Indonesia <i>Nazgul Bazhayeva</i>, Deputy Director, Ministry of Information and Communications, Kazakhstan <i>Fary Akmal Binti Osman</i>, Head, Fiscal and Economics Division, Ministry of Finance, Malaysia <i>Saman Diyagaha Waduge</i>, Additional Secretary, Prime Minister’s Office, Sri Lanka</p> <p>Open Discussion</p>

DAY TWO: 22 February 2018 (Thursday)

<p>09:00 – 10:30</p>	<p>SESSION 5: Role of technology, innovation and education in a digital world</p> <p><i>As digitization intensifies, innovation and technology will become more important drivers for the digital economy, as new ideas are created to keep up with the demands of digitalization. This session will examine how technologies and innovation can drive Asia's economies in the future, as well as the new jobs and skills that will be needed as digitalization becomes pervasive.</i></p> <p>Moderator: <i>Abu Bakar Munir</i>, Professor, School Law, University of Malaya</p> <p>Speakers: <i>Pinaki Dasgupta</i>, Professor, International Management Institute (IMI) Delhi <i>Shinichiro Terada</i>, Senior Analyst, KDDI Research Inc. and Visiting Scholar, University of California, Berkeley</p> <p>Open Discussion</p>
<p>10:30 – 11:00</p>	<p>Tea/Coffee Break</p>
<p>11:00 – 12:30</p>	<p>SESSION 6: Securing the digital economy – focus on trust, privacy and transparency</p> <p><i>The digital economy is dependent on data sharing, security and trust. Thus, it can only flourish when people, process, data and things are connected in an ethical, meaningful and safe way. This session will examine the collective challenge to digital economy when it comes to cybersecurity and other risks, and the importance of transparency solutions (i.e., openness, communication and accountability) to address them.</i></p> <p>Moderator: <i>Syed Munir Khasru</i>, Chairman, The Institute for Policy, Advocacy, and Governance (IPAG), Bangladesh</p> <p>Speakers: <i>Abu Bakar Munir</i>, Professor, School Law, University of Malaya <i>T A Khan</i>, UN/CEFACT Vice Chair and Former Controller of Certifying Authorities, Ministry of Electronics and Communication Technology, India <i>Ajai Kumar Garg</i>, Director/Scientist F, Ministry of Electronics and Information Technology, India</p> <p>Open Discussion</p>
